## GUESTROOMS

Designed to be fresh and airy full of warm colors and custom touches. Cozy cotton throws add comfort and warmth. Our rooms are the perfect place to relax after touring wineries, working, swimming laps in our generously sized pool or soaking in the hot tub.

## POOL HOUSE & BAR

Tropical meets Californian bohemian in the Pool House & Bar with painted concrete floors and a glass garage door to maximize the natural light. You can while away your hours sipping cocktails and reading or take a refreshing dip after a hard day's work.
